

**REMARKS**

The use of the term  $p_{\text{sat}}$  (T) to indicate a density appeared in the original INDA procedure IST-70.4-99, but is clearly wrong, and would be understood by persons skilled in the art to be wrong. The amendment changes the “p” to the Greek letter “ $\rho$ ” which is an internationally recognized symbol for density.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Maxwell J. Petersen', written in a cursive style.
